

DEPARTMENT OF JUSTICE HAS MUCH BUSINESS

Insurance and Pension Department
Prohibition Law Enforcement and
Similar Statutes Cause of Much
Delay in Prosecutions,
Says Seymour

TELLS OF SMITH

Declares He Never Was Told to
Give Daugherty's Friend Any
Files, Records or Other
Facilities

Washington, June 16. — A. T. Seymour, first assistant attorney general, spent most of the day today before the Senate Daugherty investigating committee in describing and explaining individual cases before and policies of the department of justice, where its conduct has been called into question. A prime difficulty, he said in concluding his discussion, lay in the great increase of work necessarily imposed upon the federal law enforcement machinery by the enactment of the new legislation, such as the prohibition law, and like statutes.

In 1912, the witness said, the department instituted 19,354 proceedings in the enforcement of law, and 20,505 in 1913. In 1921 the number of proceedings begun was 44,709 as compared with 70,368 in 1922, and 82,975 in 1923. There were pending at the end of the last fiscal year 80,822 cases, as against 15,165 so pending at the end of 1913, he testified.

Investigated Grossman's Case.
Mr. Seymour touched only occasionally on the more sensational allegations made before the committee concerning the department. As to Jess Smith, whose status as companion of H. M. Daugherty during the latter's tenure of office has been frequently brought up, the witness said that he saw him in the (Seymour's) office but five times. Smith was interested, he added, in trying to influence action, but the witness said the attorney general never instructed him to furnish Smith information, files, or other facilities.

Referring to the pardon of Philip Grossman, Chicago saloon operator, Seymour said he personally had no voice in the matter, but that on which he recommended that the President pardon the man, after his conviction in proceeding arising from prohibition enforcement, tried to show that Grossman had escaped completely incarceration in jail. Later, he added, when he learned of this fact, he made a personal investigation of the matter but with what result he did not indicate to the committee.

Mellon May Appear.
Discussing anti-trust matters, Seymour said that there had been considerable delay in some prosecutions, but he held that the law was valuable and enforceable.

Mrs. Mabel Willebrandt, assistant attorney general in charge of prohibition enforcement, waited all the afternoon to be heard, but did not testify because her senior had not concluded. She will be heard tomorrow and John W. H. Crim, and possibly other officials of the department. Secretary Mellon, who has been invited by the committee to appear in person to follow further any of the testimony in the investigation affected by the treasury, has not responded. Sessions will be concluded at least for the summer, by the senate committee as soon as the officials desiring to appear have been heard.

YOUTHS ABNORMAL, DECLARE ALIENISTS

Defense Doctors Call Franks' Slayers Abnormal — "Smart Aleck," Says State

Chicago, June 16. — After learning that alienists for the defense in the case of Nathan Leopold, Jr., and Edward George Bremer, awaiting trial for the slaying and murder of young Mary Jane Franks, had declared that the defendants were sane, the state alienists and therefore should be held responsible for their crime. William H. Roth, mental expert for the state, gave out his own theory as to the youths' mentality. "Smart Aleck," he termed them. He stated that he did not believe being a "smart Aleck" was sufficient to keep a murderer from the gallows.

The defense alienists today continued their intricate physical and psychological tests of the youths, the results of which will be presented to the jury for use in the trial.

It is common of alienist specialists to take issue in questioning the sanity of the accused before a jury and before a court.

REMARKS SLIGHTLY IMPROVED.
The condition of the Chicago Police of the Chicago Police was slightly improved yesterday, as the witness said.

MAJORITY RULE TO BE IMPORTANT COG

McAdoo Forces Want This Plan of
Choice, But Smith Faction
Seeks Two-Thirds

New York, June 16. — The pre-convention tide of Democratic party leaders was in full swing toward New York today. With it came definite indications that the new big battle of the Madison Square Garden sessions opening a week from tomorrow would be over the question whether two-thirds or majority rule should prevail.

McAdoo leaders made no secret of their intention to attempt to enforce adoption of the majority rule. They declared that if they could muster enough votes to impose their will on this question, they would have the delegates to nominate McAdoo for the presidency on the first ballot, or soon thereafter.

Governor Smith and his campaign managers are known to be opposed to majority rule and are optimistic of their chances of defeating any attempt of the McAdoo men to inaugurate it.

Rules Chairman to Hold Balance.
Prospects of this initial test of strength on this question has elevated to a position of first importance the chairmanship of the rules committee, causing it temporarily to outrank the chairmanship of the committee on resolutions and platform, which heretofore has been the chief topic of speculation, next to the prospects of the two leading candidates, McAdoo and Smith.

Reports yesterday that Homer S. Cummings of Connecticut was slated to head the latter committee were met today with assertions by those closest to him that he was not a candidate for the post, and that Carter Glass of Virginia would get it. The belief, however, that Mr. Cummings would be prevailed upon to accept the post, was expressed by several of the leaders.

In the meantime, the committee on arrangements for the convention, headed by Cordell Hull, chairman of the national Democratic committee, was in continuous session throughout the day, visiting delegations' hotel quarters, making last-minute changes in seating arrangements at Madison Square Garden, and clearing decks generally in preparation for the arrival of delegations.

BUTLER SMOOTHS OUT FEW DETAILS

Increased With Campaign Situation and Glad Sleep Will Not Resign, He States

Chicago, June 16. — The first step in the launching of the Republican national campaign was taken here today by National Chairman Butler, who arrived last night from Cleveland, after winding up the business of the nominating convention. Mr. Butler conferred with General Charles G. Dawes, the vice presidential nominee, arranged for larger office quarters for the committee, and held brief conferences with various state leaders passing through the city enroute home for Washington.

Before Mr. Butler said tonight, "The organization of the national headquarters will be completed and a tentative program of activity in shape."

His visit with General Dawes was described as "a most cordial and enthusiastic interview."

Questioned concerning news dispatches from Washington representing apparent friction between party leaders over the working of the national convention, Mr. Butler answered pleasantly:

"I am glad that apparently everyone is satisfied. I had not heard of any displeasure in any quarter. We are all working together in this campaign for a single purpose which is big enough to overshadow all personalities. I am very happy with the present status and the outlook. I am delighted that Mr. Stempel will remain in his present place."

NEW SYNDICATE WILL BE SECURED BY RAIL STOCKS

New York, June 16. — Formation of a national syndicate to offer bankers shares of a railway investment trust, based upon the stocks of 17 leading railway systems was announced today. The syndicate was organized under the name of the United American Railways Inc., which will be formed in New York and London with a capital of \$14 a share to yield about seven per cent.

The investment will be secured by the capital stock of the following railroads: Atchafalaya, Topeka & Santa Fe; Atlantic Coast Line; Canadian Pacific; Central Railroad of New Jersey; Chesapeake & Ohio; Lackawanna; Delaware & Hudson; Illinois Central; Lehigh Valley; Louisville & Nashville; New York Central; Northern Pacific; Norfolk & Western; Pennsylvania; Reading; Southern Pacific; and Union Pacific.

STONE HEAD OF ALL ACTIVITIES OF ENGINEERS

Will Devote Most of Time to Financial Departments of Brotherhood, But Retains Control of All

CONTROLS 9 BANKS

Insurance and Pension Department Now Under His Direction, Also — New Extension Planned on Pacific Coast

Cleveland, June 16. — Warren S. Stone, grand chief engineer of the Brotherhood of Locomotive Engineers, late today was elected president of all brotherhood activities, including banking, insurance and the labor organization, at sessions of the triennial convention here of the brotherhood and its insurance organizations.

Under the reorganization plan, adopted by a two-thirds vote amending the constitution, two vice presidents, a secretary and a grand chief engineer will head departments under Mr. Stone's supervision.

Mr. Stone will devote himself primarily to banking and financial activities, but in times of important labor crises, will be at liberty to assume direction. He will be called upon at all times for advice.

"The brotherhood has decided it has branched out about far enough to organize on the same basis as the steel corporation or any other corporation of large and varied activities," says an announcement by Vice President H. P. Daugherty and W. P. Burgess.

Controls Much Property.
Vice presidents will have charge of financial operations and the insurance and pension departments. A grand chief engineer will direct wage and working rules negotiations and other labor matters. All records will be in charge of a general secretary. Heretofore, the department of insurance and pensions has not been under Mr. Stone's direction.

Some of the nine banks, although brotherhood controlled, may have their own presidents, but their policies will be directed by Mr. Stone. Besides banks, the following financial ventures will be under the brotherhood management: The Brotherhood Investment company, incorporated, for \$10,000,000; the Brotherhood of Locomotive Engineers' Building company, which owns the 21-story branch bank and other property and is erecting another 21-story building; the Brotherhood Insurance company, with \$180,000 in policies.

The latest extension of brotherhood activities announced was organization of the Pacific Brotherhood Investment company of Spokane, Wash., with a capital of \$1,000,000.

The Coal River collieries and numerous other ventures in which Mr. Stone holds official positions, whose stock is owned largely by the brotherhood, were not included in today's plans.

BRENNAN RESENTED REMARKS TO WOMAN

Suspect Said to Have Threatened: Pupil Who Threw Him Into Street

New York, June 16. — William (Lefty) Brennan, the heavyweight pugilist, was slain in his uptown apartment yesterday because he resented the abusive remarks made to a woman by Joseph P. Pili, one of the two men held without bail today for the killing, according to Assistant District Attorney Morgan A. Jones.

The woman, whose name was not revealed, had gone to Brennan's apartment with a party of which Pili was a member, according to the prosecution. As she was leaving with Pili, he made abusive remarks to her, Brennan intervened, either pushing or hitting Pili, in effecting him from the apartment, the prosecutor said.

"There are other ways of getting a guy than with your fists," Pili is alleged to have said. "Look out for yourself."

Pili then left the apartment, the prosecution continued, and later returned. When Brennan approached him in a hallway leading to the apartment, a shot was fired and Brennan dropped to the floor. Four or five other men were in the hallway, Jones asserted, although it is not known whether they were companions of Pili. The only other man arrested was Terrence O'Neill, a pugilist who was arrested with Pili soon after the shooting.

OREGON RARELY MISSES DEATH; CAR RUNS WILD

(By the Associated Press.)
Mexico City, June 16. — President Obregon with a party of friends escaped death today when the presidential train, while being coupled to a locomotive at Puga, was bumped by the engine and ran wild down a steep grade, at the bottom which is a deep canyon.

The engineer of a passenger train coming up the incline, reversed its engine and backed his train slowly down the grade so that the presidential train a ght bump it with the least possible shock. The engineer's strategy was successful, but the collision was severe enough to injure seven persons on board the passenger train. A few of those on board the presidential train suffered bruises.

COOLIDGE HALTS POSSIBLE BREAK IN HIS CAMPAIGN

Differences of Opinion, Openly Displayed at Cleveland, Break Out Anew

SLEMP WILL BE RETAINED

Is Told President Had Intended to Put Control of Fight in Hands of Board

Washington, June 16. — Differences among members of the administration group of Republican leaders, which were displayed openly during the closing hours of the Cleveland convention, burst out again today and break only was averted by action of President Coolidge.

An issue was forced by C. Bascom Slemple, secretary to President Coolidge, over the methods used at Cleveland by William M. Butler, who was the President's pre-convention campaign manager and who now is Republican national chairman. Disagreement over the Butler methods aroused strong feelings on both sides and the matter came to the President today in a threat by Secretary Slemple to resign.

The President was compelled to assume the role of peace maker, with the result that Mr. Slemple, after a conference with Mr. Coolidge, issued a statement before leaving for Cincinnati stating he expected to retain the secretaryship and also participate in "the real management" of the campaign.

Had Already Planned Board.
Mr. Slemple declined to amplify his formal statement, but it was learned that after conferences with friends and with others who returned from Cleveland displeased with Mr. Butler's tactics, he went to the President with the demands that either the active campaign be placed in the hands of a committee or that he be permitted to retire not only as secretary but from active participation in the campaign.

Faced by a break in leadership at the start of the campaign, Mr. Coolidge is understood to have assured Mr. Slemple he had planned from the first to lodge active conduct of the campaign in the hands of an advisory committee and that there was no intention of maintaining a one-man dictatorship. Mr. Slemple also is understood to have been told that there would be no future basis for complaints of "dictatorship" and "lack of interest" such as have been circulated since the convention ended and declared without basis by the Butler forces.

REPLY TO PROTEST OF JAPS FORWARDED

All Details of Text Kept Secret — Possibly Will Be Made Thursday

Washington, June 16. — The reply of the Washington government to the protest made by Japan against the Japanese exclusion section of the new immigration law was sent on its way to Tokyo tonight by Ambassador Haruhara, who had received it during the day from Secretary Hughes.

The text was withheld from publication until such time as a simultaneous announcement can be made in Tokyo and Washington, probably Thursday, American newspapers were asked to refrain as a patriotic duty from attempting any forecast or description of the note in advance of its being officially made public.

While no announcement was made at the embassy or state department, it was learned from responsible sources that Ambassador Haruhara would depart from Washington "on leave" about July 12 or 15. His departure ostensibly will be for the purpose of participating in person to make an official report to his government regarding the immigration situation. It was reiterated that the ambassador had neither resigned his position nor been recalled by his government.

LEACH HEADS PRINTERS UNION

Indianapolis, June 16. — James M. Leach of Syracuse, head of the Western printers union, was elected president of the International Typographical union to succeed Charles F. Howard of Detroit, according to an unofficial count of the election held today. Leach's majority was given as 2,023 out of approximately 24,000 votes cast.

14 KNOWN DEAD IN WINDSTORM IN NORTHWEST

Property Damage May Run Over \$1,000,000 in Area of 50 Miles in South Dakota — Several Persons Hurt

VILLAGES DESTROYED

Every Business Block in One Village and All Barns in Another Reported to Have Been Demolished

St. Paul, Minn., June 16. — At least 14 persons are reported dead and more than a score injured in tornadoes, windstorms and heavy hail and rain in the northwest Saturday night. Eight persons were reported dead at Blount Hills, Blount county, two at White Lake, Aurora county, one at Pierre, and one at Blunt in South Dakota, while two men were reported swept into the Mississippi river at St. Paul, Glad Valley in Selbach county, South Dakota, was reported virtually wiped out when a tornado struck over a territory of 50 miles square and caused probably a score of injuries and property damage which may run over \$100,000.

At Mitchell four persons were injured, one perhaps fatally and property damage was estimated at several hundred thousand dollars.

(By the Associated Press.)
Sioux Falls, S. D., June 16. — A storm which swept the entire state of South Dakota, assuming tornadoic proportions in a score of localities, took a toll of at least five lives, causing property damage too great to be estimated until communication is restored and did great injury to growing crops late Saturday.

The known dead include two at Salem, killed when a barn collapsed; one at Pierre, killed in a similar accident; a woman at Canton, killed by a live wire, and one man killed near Miller.

Reports of casualties which could not be verified, told of a family of eight killed at Blount Hills, two at White Lake, and another at Blunt. The town of Washington Springs, near Huron, with 1,700 inhabitants, was completely destroyed, the wind wrecking virtually every business block.

Reports from Woonsocket said that for 20 miles west of Woonsocket a tornado had leveled every barn and had damaged other buildings.

Forestburg and Glad Valley were reported wiped out. At the state training school at Plankinton, two large barns were destroyed.

Wessington Springs, S. D., June 16. — Extensive property damage was done in Wessington Springs and over the countryside for a radius of 25 miles by a tornado that struck this city at 7 p. m. Saturday. Estimates of damage range from \$500,000 to \$1,000,000.

SOUGHT FOR DEATH OF BRIDE OF WEEK

Radio Description of Husband Being Broadcast Through Wisconsin Wilds

Milwaukee, Wis., June 16. — As George Cummings, who is wanted in connection with the murder of his bride of a week in the tourist camp at Whitteberg yesterday morning, was steering northward through the Wisconsin wilds, apparently hoping to reach his native Canada, radio warnings giving out the most minute descriptions of Cummings and the automobile in which he fled were broadcast from the powerful stations at Minneapolis and Stevens Point, Wis.

In the remote timber shacks, hundreds of miles from civilization, and in the cottages of summer vacationists, along the rivers and in the rims of hundreds of lakes throughout the North woods there are radio receiving sets.

The body of a woman, 42, who looked her hair and gave out that she was only 18, was prepared for shipment from Whitteberg and will be sent to Grand Rapids, Mich., where her middle aged daughter awaits it.

The Shawano county authorities have pieced together the whole story of Cummings' wooing of Mrs. Jean Rae, their marriage in Grand Rapids 19 days ago, their happy progress in the elderly bride's new automobile and their appearance last Saturday at Shawano. A warrant for his arrest for murder was issued.

DEAD MAN CAUSED GUN TO BE FIRED

Four Hurt on Mississippi When Blast Victim's Hand Touched Selective Switch

San Pedro, Cal., June 16. — The hand of a dead man, whose body was being moved from turret No. 2 aboard the U. S. S. Mississippi last Thursday, touched the selective switch in the death chamber, and fired the 14-inch rifle, injuring four men with its result. It was established today by the naval court of inquiry.

George C. Ogleterre, petty officer, member of the crew and one of the first of the rescue party to enter the turret after the ship's disaster, told the court the dead man's hand touched against the switch, firing the gun. He testified that he entered the turret in the removal of the dead. He said that he and his comrades were removing the body of a sailor whom he could not recognize.

"It was impossible for us to get the body through the hatch head first," he said, "and we were turning it about when one of the arms fell on the selective switch."

Air Compressors Working.
"The air compressors were working by the force of the explosion and the recoil of the gun. Then we realized what had happened and one of our party removed the dead man's hand from the switch where it had fallen."

Electrical Officer Charles R. Brown, the next witness, did not give the court information how many air compressors were working, but he declared in his booth all switches were turned on, indicating that all compressors should be working.

Lieutenant Commander W. R. Carter, senior engineering officer of the Mississippi, who was at the starboard periscope in the control tower at the time of the first explosion, produced records from his department showing that four air compressors were working full force with 140 pounds pressure. He said several times the compressors "popped off" at 150 pounds. Lieutenant Commander Carter said that the firing from his position in the control tower was going forward with the usual precision until the alarming announcement "fire in No. 2, sir," came from the turret.

FOUR TARRED AND FEATHERED, LIKELY

One May Have Been I. W. W. Member Kidnapped During Raid on San Pedro Hall

Santa Anna, Cal., June 16. — Four men are believed to have been tarred and feathered in Santa Anna canyon, near here, Saturday night, according to Ed McClellan, chief criminal investigator for the sheriff's office. One of them is believed to have been a member of the I. W. W. from San Pedro.

McClellan said a party of upwards of 200 men in automobiles panned up the canyon about 11 o'clock Saturday night.

McClellan said he came to a spot in the woods where parts of four outfits of clothing were lying about among loose feathers, while close by was one five-gallon tin filled and empty, a second partly filled, and two tar brushes. He found an I. W. W. membership card, dated San Pedro.

McClellan declared that he found kidnaping of four men during the riot at the I. W. W. hall at San Pedro Saturday night were correct. He said he followed a trail of tar, apparently that which had dripped from the men who had been painted with it, and he saw it go down into the bed of the Santa Anna river.

14 FIREMEN HURT IN GARAGE BLAZE

Acting Battalion Chief May Die — 275-Gallon Tank of Gasoline Explodes

New York, June 16. — Fourteen firemen were injured and Acting Battalion Chief Thomas Murtha was severely burned today that he may die when a 275-gallon tank of gasoline exploded late today in a garage fire on East 46th street. Eleven of the firemen were rushed to Bellevue hospital.

The injured men were within a few feet of the tank when it exploded, and five of them were blown up through the manhole, landing in a burst of flame on the sidewalk. Fearful of a second blast, firemen flooded the garage with tons of water.

GERMAN DRUG RING BROKEN BY SEIZURE

\$2,000,000 Worth of Narcotics Seized at Pier in Hoboken — One of the Most Effective Schemes Yet Divulged

HIDDEN IN BRUSHES

Consigned to Trinidad via United States — Stones Sent Back in Cases as "Returned German Goods"

New York, June 16. — Drugs valued at more than \$2,000,000 were seized last Saturday on a truck coming off a pier at Hoboken, N. J., it became known today. H. D. Esterbrook, chief of the special agents of the treasury department, who conducted the raid, said the seizure uncovered one of the most elaborate and effective schemes ever divulged for smuggling narcotics into the United States.

The drugs were secreted in the handles of 5,000 scrubbing brushes. The cases in which they arrived had been watched since the steamship President Roosevelt docked June 3, Mr. Esterbrook said.

On Saturday the treasury agents saw two men claim the cases and load them on a truck, which was seized as it started off the pier. The men, who gave their names as Abraham Palowitz and Otto Anderson, both of New York, were arrested.

The seizure broke up a German syndicate, Chief Esterbrook said, which had smuggled drugs valued at more than \$5,000,000 into the United States in two years.

Treasury agents working for two years in several foreign countries unearthed the smuggling scheme. A year ago an agent at Bremen, Germany, by chance opened several cases labeled "brushes" and "returned German goods." He found only bricks and stones wrapped in paper. The boxes had been shipped to Germany in bond supposedly from Trinidad by way of the United States.

This disclosure was called to the treasury department at Washington and agents here were instructed to watch all cargoes coming from Germany.

Months ago it was reported that the same cases, re-packed, were shipped from Bremen on the President Roosevelt, consigned to Trinidad by way of the United States in care of Palowitz.

Chief Esterbrook and his men found that Palowitz who had received only three shipments of goods from ships in a year, was to transfer the cases to a South American steamship line in Brooklyn, and agents watched him closely. As scheduled three cases, labeled "brushes" arrived on the President Roosevelt. They lay in storage several days until Palowitz and Anderson appeared.

Under international regulations goods shipped in bond through the United States to another country are not opened by customs officials. Treasury agents said the smuggler's scheme was to haul the cases to a garage, substitute others encased in the same manner but containing only stones and ship them to Trinidad. From Trinidad they were sent back as "returned goods," but filled with narcotics. Drugs thus flowed into the country both from Trinidad and Germany, the agents stated.

INSPECTORS AND POLICE DISAGREE

Former Say Seven Persons Held in Connection With Mail Theft Are Beer Runners

Chicago, June 16. — Seven arrests made last Thursday night of the holdup last Thursday night of the Chicago, Milwaukee & St. Paul mail train near here by bandits who obtained hold valued at between \$1,000,000 and \$2,000,000 but there was a difference of opinion tonight as to how far the arrests would go toward clearing the mystery.

Morgan A. Jones, chief of police, declared all those held by the police are believed to be connected with the robbery. He said charges will be filed against them in the next day or two.

A. E. Gerner, chief postal inspector, in charge of the federal investigation, said he was not as sure of the identity of the robbers as the police appeared to be. None of the names of suspects which has been recovered, so far as he knew, Mr. Gerner said, that no federal warrants have been issued for any of these men.

J. H. McWhorter, another postal inspector, said he was convinced that all the police suspects are beer runners and not mail robbers. Both the police and postal inspectors denied there was any friction between them, but postal inspectors added that the robbery occurred at Roundout, Ill., outside Chicago and outside Cook county, but the Chicago police have taken the prisoners and all the information. Edith A. Wolf, assistant United States district attorney, said he was working "in the dark" and that not one word had been supplied him to implicate any of those under arrest with the robbery.

LATE PRESS COMMENT

Mr. Warren's Speech.

Those who are disposed to minimize the accomplishments of the Republican administration during the last four years will find much to be thought in that part of the speech which recites what has been done since the party was restored to power in 1920. One of the greatest things for the people was the disappearance of unemployment. After that came the adoption of the budget system, bringing order out of the confusion which had hitherto prevailed in the expenditure of public monies. In the first year of its operation it resulted in a reduction of expenditures of \$100,000,000. The revenue bills enacted in 1921, lessened by over \$100,000,000 a year the taxes that would have been collected under the prior law. — Philadelphia Inquirer.

A Tribute to Woods.

On the pages of memory Cyrus E. Woods, noted Pennsylvanian who is coming home from the ambassadorship in Japan, must have written indelibly the glowing tribute paid to him by the people on several occasions in the land of the Cherry Blossom. Once when the ambassador came home on leave of absence he was welcomed by the inhabitants for his wonderful humanitarian work among the earthquake sufferers in the islands. Now, coming home to stay because of ill health and a desire to live quietly again, he finds entire populations turning out to make him the central figure of an ovation. — Johnstown Tribune.

Athens Still.

At the national capital, there are said to be 18,000 residents who have failed or refused to become naturalized. Probably a similar condition exists throughout our population. It is a situation that ought to be remedied. It probably would be unwise to compel an alien to become an American citizen, because he would be a poor patriot if forced to abandon his allegiance to another country. But there should be some way to deny him the privileges of our laws and institutions if he is not willing to assume his share of responsibility for their maintenance and protection. — Harrisburg Telegraph.

Walsh and Denby.

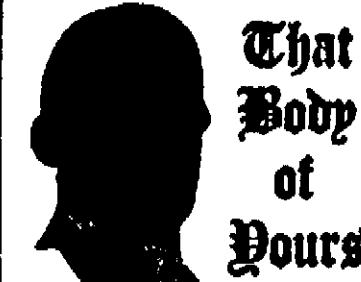

And now comes the senate oil committee, headed by Senator Walsh, to admit in its official report, that former Secretary Denby was in no wise involved in Secretary Fall's leases of government oil lands. But Denby is out of the cabinet and has been discredited in the minds of many people. It is to be hoped Walsh and his fellow character assassins are satisfied. — Harrisburg Telegraph.

Telephone Conversations.

A telephone official remarked that the telephone companies are constantly trying to instruct the people on how to use their instruments. Complaints of unsatisfactory conversations over the wire are largely due to failure of the speaker to enunciate clearly. — Newcastle Courier.

The Moral.

The great big moral is that every citizen should vote at every election. — Shoe and Leather Reporter.

By James W. Bates, M.D.

FUNCTIONAL AND ORGANIC
You find yourself more interested in your body, in your health, than you were formerly.
Without thinking very much about it, you take notice of what you eat in the twenty-four hours.

You figure that meat once a day is enough for you, considering that your work is not heavy, and there is not much repair to the body necessary.

You find yourself eating some fruit, some rough vegetables, and a green vegetable such as lettuce or celery, almost daily.

Also you watch the intestine, knowing the importance of the removal of wastes from the body.

Lately, and particularly since the war you have been hearing the words "functional" and "organic."

Perhaps you have been to your physician because your heart seemed to be beating more rapidly than usual.

Your physician says "Oh there's no organic trouble, just a functional disturbance." Possibly it is your stomach and after repeated questions, or even tests he makes the same remark.

Now you say "Well that may be so, but it doesn't feel right, my heart and it disturbs me just as much as if it were organic, whatever that means."

Or you may say "This pain in my stomach is the real thing. Irrespective of what name you give it."

Now what does your doctor mean? Well if you get very much excited at times the heart will beat rapidly, or if you eat considerable gas in the stomach it will press up against the heart impeding its movement and making it beat rapidly. You see both these conditions cause a disturbance in the beating of the heart and yet the heart itself is perfectly sound. The "function" or action has been disturbed by an outside or other influence.

Similarly with the stomach, you may be eating something that disagrees with you, such as eggs, onions, or other food. It disturbs the function or action of the stomach for some time afterwards.

Perhaps your nerves are upset, and they effect the stomach so that its muscular walls can't work properly in its lining secrete the stomach juice in the right manner. Food lies long there, and fermentation causes pain. That is not like cancer or ulcer because they are due to processes in the walls of the stomach itself. There are organic disturbances, just as a leaking valve of the heart would be called organic heart disease. So there a functional trouble is where something is interfering with the action of an organ, but the organ itself is all right. Organic trouble is where the organ itself has something wrong with its structure.

THE REPORT OF THE INVESTIGATING COMMITTEE

OTSEGO SCHOOL ITEMS

Matters of Local or General Interest in County and Communities.

From time to time articles have appeared in the press, threatening school trustees with loss of public moneys unless certain books and apparatus are purchased by them for school use. These statements, Superintendent John B. McManus says, are incorrect. The state will pay one-half of the purchase price of approved books, maps and apparatus, but not to an amount exceeding \$19 per year in a one-room school. It is better, he states, to buy through your local dealer of a reliable firm, and the trustees will not lose public money through refusal to buy of any agent.

Hold School Fair.

Common school districts 11, 12, 13 and 15 in the town of Otsego of which districts Miss Jennie Rathbun, Miss Nina Kane, Miss Elizabeth McEwen and Mrs. Chas. Pierson respectively are the teachers, held a school fair and contest in the Fly Creek Valley Grange hall on Friday evening, June 15th, and all present thoroughly enjoyed the occasion.

Each school staged a short play and the 1st prize went to Fly Hill, 2nd to Twelve Thousand, No. 11; 3rd to Fly Creek Valley, No. 12 and the 4th to DeLong district. The Grange gave the use of the hall, furnished the prizes and served the refreshments. The Grange, including ice cream, refreshments, for school entertainments and the patrons of Hubbard are rendering the cause of education a service in allowing their buildings to be used for such purposes.

Supplementary Apportionment.

It has been held at Albany that the wording of the recent amendment to section 124 of the Education Law which reduces the required ratio from seven to five pupils in consolidated school districts and allows the public money to be used for any school purpose makes it retroactive to September 1st, 1923. That it effects the apportionments made to school districts on the 15th day of last February. The extra money to which all these districts are entitled under this ruling will come to them in a supplementary apportionment on or about the 1st day of July next. This will be gratifying news to the taxpayers in the many consolidated districts of Otsego county and the bonus that will be received by some of the larger consolidated districts is a substantial amount.

Continental District Benefit.

Common school district No. 8, Springfield, of which school Miss Margaret B. McManus is the teacher, will hold an entertainment, ice cream sale and dance in Macabee Hall, East Springfield on Thursday evening, June 15th. It is planned to have some outside talent on the program and the Springfield orchestra will furnish music for dancing. The receipts will be used to give the children added comforts and conveniences in their school and all are invited to come and enjoy the evening and help the good work along.

Jersey Picnic Planned.

June 21, beginning at 10 a. m., the Jersey Cattle club of Otsego county will hold a picnic on the farm of H. H. Marlette of Mt. Vision. This has proven an ideal place for a picnic and is situated about ten miles north of Oneonta. A very interesting program is planned, which will include speaking, sports for old and young, cattle judging, etc. Fill up the lunch basket and attend the picnic. A good crowd will be expected and a fine chance to get better acquainted with your neighbor and his neighbors. Family and friends are also invited.

Some people don't like butter. They are those who have never tried Ridge brand butter, which is demanded by the most fastidious.

Dr. G. Hall, eye, ear, nose and throat specialist. Consultatory eye service. Phone 1017-R. adv 11-0-0

TWENTY AND THIRTY YEARS AGO

Days of Old Recalled by Items Chipped from The Star Files.

June 17, 1904.

Young Lincoln Kellogg is evidently a chip of the old block. He has organized a fire company of the lads in the vicinity of his home and daily hose races down Ford avenue are seen.

An amateur production will follow the regular production of the Dilger-Cornell company at the theatre this evening and a number of Oneonta's specialty people will compete. Among them are Jack and Edna Shaffer; Joe O'Brien, the one-armed baton performer; Dorothy Mazurkiewicz and the Cornell brothers.

Senator Walter Brown, owing to the fact that certain parties have abused the privilege of dumping refuse at the corner of Main and Market streets and have deposited there substances injurious to health, is obliged to withdraw all consents to dump ashes and other wholesome refuse.

The following young ladies, under the chaperonage of Miss Elizabeth Blakey, are planning to spend two weeks in July in camp on Otsego lake: Grace Platt, Florence Phillips, Mabel Colburn, Leona Schatzkowsky, Cora Quackenbush, Edna Hotelling, Anna Larabee, Edna Bonkhour, Helene McCrum, Ethel Scotchford, Jessie Alden, Henrietta Huston and Emma Farley, all of Oneonta; Frances Seward of Florida; Mary Galvin of Binghamton; and Cora Brown and Emma Chase of Johnstown.

June 17, 1894.

Earl Colegrove has started a job printing office in the Wilber block. The Cold Spring grounds at Milford are looked upon as a favorable spot for a camp meeting, and, as we understand, all that remains is the securing of the permission to use them. It is intended to fix the grounds up and hold regular yearly meetings.

Last evening the following chiefs of Powhatan tribe, No. 51, were raised up by Deputy Grand Sachem W. S. Wakoner of Worcester: Sachem, A. E. Ceperley; senior sagamore, C. C. Ingalls; junior sagamore, J. P. Fish; prophet, G. C. Bette; sennaps, F. M. H. Jackson, Dr. J. C. Smith; warriors, D. Sternburg, G. Murphy, G. W. Anderson, C. H. Smith; braves, C. A. McMinn, P. C. Thompson, M. Reynolds, C. M. Bingham; guard of wigwam, P. Frazier; guard of forest, G. Brand.

The members of the fire board and representatives of the Veteran Firemen's association, under whose supervision the coming county convention will be held, met at the Steamer rooms last evening and organized for business. Chief Shaffer was appointed chairman, J. D. VanDyke, secretary, and W. E. Ford, treasurer. An executive committee was appointed as follows: E. J. Gurney, James O'Brien, E. D. House, John Totter, George Smith, William Bronk, Charles Van Derwerker, A. L. Jordan, Irving Butts, N. H. Emmons, Thomas O'Brien, George Bond and L. H. Groat.

For Sale—Nearly new seven-room cottage with every modern convenience, polished floors, natural wood finish, large level lot, at West End. Price \$3,500, cash \$500. Good seven-room house, just off Main street. Price \$2,500, cash \$500. Ten-room house with all modern improvements, dandy level lot. Three-car garage. Fine central location. Price \$5,500. Good terms. The Mrs. C. H. Peaslee Agency, 9 Pine street, Phone 922.

LOCAL MENTION

—The American Legion house of five will be open on Friday afternoon and evening of this week.

—Mrs. L. D. VanWeert and Mrs. L. S. Lang entertained a party of 40 at the Country club at luncheon yesterday afternoon. The prizes were won by Mrs. Cutler, Mrs. Lippitt of Coopers town and Mrs. Ormiston.

—The net proceeds of the bazaar recently held by St. Mary's church for the benefit of the new parochial school were \$1,015. This total is even more gratifying and surprising to the members of the parish.

—The dinner and entertainment, to have been given at the Country club on Thursday by Oneonta Rotary club to Otego Rotary, has been indefinitely postponed. This week's Rotary meeting will be held at the Elks' club at the usual time. The speaker will be J. Fremont Thompson, who will give a travelogue.

—Tickets for the annual banquet and dance of the Oneonta High School Alumni association, to be held in the high school building on Monday evening next, have been placed on sale with Fred H. Brees at the Oneonta Department store, Alfred V. Carr in the Carr Clothing company and Lloyd Lawson in Gardner's shoe store.

REGENTS' EXAMINATIONS.

Three Hundred Eighty Students Take State Tests at High School.

Approximately 380 students reported at the high school for Regents examinations Monday. The number of students scheduled to take the examinations at the high school was so great that the grade tests are being given at the Chestnut, Mitchell and East street schools. The following is the schedule for the balance of the week:

Tuesday.

Morning — Arithmetic, commercial arithmetic, Spanish 2, English grammar, American history, course C.

Afternoon — Spelling, Latin 2, 3, 4, Latin, three years and four years, biology, bookkeeping 1.

Wednesday.

Morning — Geography, elementary algebra, plane geometry, bookkeeping 2, psychology, elementary mechanical drawing.

Afternoon — Elementary U. S. history, history, course A, history, course B, plane trigonometry, spheric trigonometry, typewriting, intermediate drawing.

Thursday.

Morning — Physiology and hygiene, physics, chemistry, history, English language and literature, economics.

Afternoon — Civics, French 2, 3, commercial geography, elementary theory (B-W).

Friday.

Morning — History of education, physical geography.

Afternoon — Business writing.

Meetings Today.

Regular meeting of Chapman division, No. 45, Order of Railway Conductors, this evening at 7 o'clock, in K. of P. hall.

The Loyal Workers' club of the River Street Baptist church will hold its monthly meeting at the home of Mrs. A. B. Pierce, 245 River street, at 8 p. m. Each one please bring a covered dish and sandwiches.

The Catholic Daughters of America will hold their regular meeting in the club rooms this evening at 8 o'clock.

Stated meeting of Martha chapter, No. 115, O. E. S., this evening at 8 o'clock. Star degree will be conferred.

A regular meeting of Centennial lodge, I. O. O. F., will be held this evening in Odd Fellows' temple at 8 o'clock. Nomination of officers.

The Woman's Missionary society of the Main Street Baptist church will meet in the church parlors at 1:30 o'clock this afternoon. Hostesses, Mrs. Frank M. Brees and Mrs. Clyde F. Brees. Program committee, Mrs. James Van Deusen and Mrs. I. J. Bookhout.

Normal Alumni Association.

The business meeting of the Normal Alumni association will be held at 2 o'clock on Wednesday, June 13, in the mathematics room.

The annual dinner will be served at 6 o'clock on Thursday, June 19. Tickets for the dinner will be on sale at the office of the school and at Goldthwaite's store. The price is one dollar.

Otego Lake Farm to Exchange for City Property.

100 acres located near Otego lake. Splendid buildings, 12-room dwelling, large basement barn, 20 head of stock, two horses, all farm machinery and crops. Will take city property for cash payment. Campbell Bros.

At the Elks' Palm Room.

In order that it may not be necessary to decrease the quality of the food served at the Elks' Palm room, it is necessary that we increase the price of our luncheons to 60 cents, beginning on Monday, June 22. advt 11

The annual basket picnic of the Otego County Jersey Cattle club will be held Saturday, June 21, at the H. H. Marlette farm, Mt. Vernon. Good program. Sports for old and young. Cattle judging and good speakers. A. J. Relyea, secretary. advt 21 1-1

For Sale—\$100 will buy home on Tilton avenue, balance on easy terms. Dandy house, centrally located, with improvements and garage. \$2,500. Small cash payment. Act quick! If you want to buy. Square Deal agency. Phone 618-W. advt 21

Do you remember what Sherman said about war? Sherman, the great, says the same thing about education. He advises teachers to get a bottle of Royal Dymco. It carries a money-back guarantee. advt 11

All This Week at Robinson's.

Four large Bibles and one free for \$25. Four small Bibles and one free for \$15. Four Life Bibles and one free for \$10. Phone 1273. advt 11

Did you know you could buy an Emerson for \$9.95 at the Wilbur Motor corporation, Market Street? advt 11

BOARD OF PUBLIC WORKS

Commissioners Discuss Work of City Streetways and Sewerage on All Projects.

A discussion of the paving projects and of work being done about the city streets occupied most of the time of the Board of Public Works at its regular meeting last evening. Satisfactory progress was reported on all of the work.

David Hollister, superintendent of public works, reported that nearly all of the streets of the city have been given a coating of crushed stone and oil and are in excellent condition. The work has been done much more quickly this year than ever before, due in large part to the use of the new steam roller and to better facilities for heating the oil.

The work on the Chestnut street extension pavement and sidewalk construction is proceeding in a very satisfactory manner. In connection with this work the Main and Chestnut street intersection has been repaved and work is being done toward putting in good shape the intersections of Market and Chestnut and Main and Market streets. Superintendent Hollister reported that the experiment of repaving portions of Chestnut street near the Chinese wall with crushed stone and oil has proven more than satisfactory.

Former Mayor A. E. Ceperley appeared before the board as representative of the Ceperley & Morgan Real Estate company and of property holders on Roosevelt avenue in regard to serving that thoroughfare with a sewer. At a previous meeting the board decided that it could not construct the sewer at the present time even though Mr. Ceperley has offered to supply most of the pipe necessary.

Mr. Ceperley stated that several houses were being built on the avenue and that the owners did not desire to put in cess pools. He asked if there would be any objection to the persons affected putting in the sewer at their own expense and taking a chance on getting a rebate on the city's share at a future time. He was informed that the board had no objection to such procedure but could not guarantee a rebate as it had no power to obligate a future board.

THE OPERA PRISCILLA

Annual Production of Oneonta Normal Students to be Given This Evening in School Auditorium.

Following is the program of the opera "Priscilla" which is to be given in the auditorium of the Oneonta State Normal school this evening at 8 o'clock by the students of that institution.

The quality of the June opera of the Normal school need little praise; certainly the audience will fill the auditorium this evening.

Program.

Orchestra Overture "Priscilla."

Act 1—Scene, Green near Priscilla's home.

Orchestra.

Act 2—Scene, same as act one.

The cast:

Myles Standish—Miss Marguerite Snyder.

John Alden—Miss Sortore.

Obadiah Muggridge—Miss Vaughan.

Hatfield Higgins—Miss Lamb.

Priscilla—Miss Dove.

Resignation—Miss Carmen.

Miss Suffern—Faith—Miss Ritchie.

Prudence—Miss Higbie.

Plymouth Maids—Misses Deams, Cain, Chase, Clark, Esson, Emma, Ingraham, James, Jenkins, Lewis, Lohnes, Neville, Oumette, Roman, Skinner, and Warner.

VETERANS OF FOREIGN WARS

Local Post Will Be Formed at Armory This Evening.

The Veterans of Foreign Wars, an organization consisting of men who have served in the armed forces of the United States on foreign lands in time of war, will organize a local post at the armory this evening at 8 o'clock. This organization is open not only to veterans of the world war, but also to men who fought in the Spanish-American conflict as well as other engagements in which American troops have been engaged. John B. G. Hancock, commander of the Binghamton post, will install the various officers in their seats and get the order functioning so that it can take care of its own work in the future.

Men who have filled out application blanks and any others who are eligible, and desire to become charter members, are requested to be at the armory at the appointed hour with their discharge and dues for the year. The dues have been fixed at \$3 with an additional \$1 for initiation fee.

Beautiful Seven-Room Cottage, Spruce Street.

Has all modern convenience, repaired and decorated inside and outside. A mighty good home and a fine location. Price \$5,000. Campbell Bros. advt 11

TRAFFIC REPORT

Chinese Committee, Through Judge L. D. VanWeert, Submits Interesting Findings

Description of Parking on Chestnut Street, Improvement of Water Street as Public Parking Ground, Making South Main One Way Street, Left Turn Problem and Widening of Front Street Among Recommendations.

At a conference of common council members, police department officials and interested citizens held on May 15, the traffic situation in the city was thoroughly discussed and a committee was appointed informally to survey the situation and to report recommendations based upon the facts found. This committee has made a traffic survey and has thoroughly investigated the subject from every angle. As a result of its investigations the committee, through City Judge, Lee D. VanWeert, has prepared a preliminary report which will be presented, it is expected, to the common council at the regular meeting to be held this evening.

This report, which contains ideas, suggestions and recommendations designed to relieve traffic congestion on the city streets and to make safer the operation of motor cars within the city limits, is given in full below in the belief that its complete reading will prove of interest and importance to every motorist.

Results of Traffic Survey.

"On May 15th, for a half-hour period, a detailed survey of parking conditions throughout the business section was made by volunteer citizens, assisted by the Police department and under the direction of the committee. The day chosen was low normal with respect to the number of cars on the streets and following closely upon the publicly given conference of the 15th. The survey was, furthermore, somewhat hurried and loosely organized. However, the facts found were of much value and established some interesting points. Several of the recommendations made are based upon the survey and the facts found thereby will be referred to in their appropriate order. The survey, however, was confined to the parking of cars and is of minor importance in determining some primary questions. Your committee believes that an orderly procedure is to consider first of all the safety of persons and their property and the preservation of the streets as avenues of travel. The parking of cars would seem secondary and to be considered first, with reference to caring for the necessities of visitors who trade in the city and to preserving the business investments along the streets and second, the desire of those whose parking of cars is largely a matter of convenience. The committee feels that the free use of our business streets as thoroughfares for those who travel and as avenues to trade should not be subordinated in any way to mere comfort or convenience. Your committee has, therefore, taken into consideration the observations of citizens, the general layout of the streets, records of accidents, and the volume of traffic, in addition to the findings of the parking survey."

First, with reference to caring for the necessities of visitors who trade in the city and to preserving the business investments along the streets and second, the desire of those whose parking of cars is largely a matter of convenience. The committee feels that the free use of our business streets as thoroughfares for those who travel and as avenues to trade should not be subordinated in any way to mere comfort or convenience. Your committee has, therefore, taken into consideration the observations of citizens, the general layout of the streets, records of accidents, and the volume of traffic, in addition to the findings of the parking survey."

Parking Restrictions Recommended.

"The only general parking restrictions recommended for action by the common council are the prohibition of all parking on Chestnut street between Academy and Main streets and the creation of 'unloading and stopping' zones throughout the entire business section."

"The Chestnut street situation scarcely requires explanation. It is a heavily travelled thoroughfare with no available safe lateral. It is not wide, is partly on grade, intersected by a dangerous alley, narrowed by trolley tracks, is surmounted with a pronounced curve, and has a perplexing combination of two bus stops, trolley terminal stop, one hotel and one theatre. There is frequent congestion, much delay to traffic movement, and a high frequency of minor accidents. The street as at present used cannot stand the load. The removal of all parking, except for such necessary servicing or delivery of merchandise as cannot be otherwise accomplished, is recommended. With provision, however, for bus stops and stopping zones for the hotel and theatre so arranged as to eliminate any cause of congestion or accident. The use of 'stop' and 'go' signs on trolley cars is also recommended, same to be displayed so as to advise motorists of their right to proceed."

"The survey showed the presence of servicing vehicles to the number of two or three in each block. These vehicles, engaged in the delivery of merchandise to stores, are frequently the cause of congestion as by necessity they are many times left standing in the roadway, resulting in so-called 'double parking.' It is recommended that each block in the business section be provided with suitable small zones for such necessary services. These free spaces would also permit the stopping of passenger vehicles at the curb to leave passengers and even for the discharge of errands involving a brief stop only."

Water Street Improvement.

"There has been in the past much agitation for the acquisition by the city of a public parking ground. No suitable location has ever been found that would not involve practically prohibitive expenditure of public funds. Your committee feels that before such a step is taken, the city should develop all possible public places within its control. It is believed that motor traffic is now near its maximum and that slight additional relief is likely necessary. Provided citizens will continue to operate as they have done in the past month. There has been a most noticeable lessening of 'convenience' parking in the business section since the attention of our Oneonta people was called to the matter. This is a most encouraging sign of a growing realization on their part of the seriousness of the problem. Nothing will more surely enhance the 'good-will' of the city in the estimation of the outside world as the willing subordination of its own comfort and convenience to the necessities of the traveler and the visiting shopper and motorist."

"There are, however, many of our business men and the employers who find it necessary to have their motors near at hand for use. The survey showed this condition clearly. The 25-

(Continued on page eight.)

TWO SCHOOL SESSIONS

Increase in Number of Students at Oneonta High School Threatens to Become Session Manager.

The problem of the rapidly increasing student body at the Oneonta High school has become so serious as to warrant its presentation before the School board with the result that the superintendent of schools has been requested to prepare a definite statement together with recommendations for building, both matters to be considered at the July meeting of the board.

The increase in the number of students last year over that of the year before was 50; the increase this year over that of last year, 70; and it is estimated that with the number of non-resident students plus the number to be promoted from the grammar schools, that the increase for the coming year will be approximately 100. This means that a building originally intended to accommodate from 250-400 students will be called upon to accommodate from 675-700. The result, as the authorities now see it, will be two distinct school sessions, the morning session to be reserved for the seniors, juniors and one-half of the sophomores and the afternoon session for the remaining sophomores and freshmen. This plan will undoubtedly prove most unsatisfactory, resulting as it necessarily must in a complete elimination of study periods in school. It will call for a considerable increase in faculty and for an entire reorganization of High school administration.

TO ADDRESS ONEONTANS.

G. W. Sulley of Dayton, Ohio, to Speak Wednesday Before Kiwanis Club.

Arrangements have been completed for the weekly Kiwanis luncheon on Wednesday of this week at the Elks' club, the speaker of the day being G. W. Sulley of Dayton, Ohio, who will address the Kiwanis membership.

Mr. Sulley will discuss questions of vital interest to business men. He will explain how closer co-operation and better organization make for better business. He will describe how proper service increases trade. He will discuss the need and value of training salespeople—one of the most talked of subjects in the merchandising world today.

A Wonderful Day.

Democratic Convention Beauty

Probably the most beautiful of the Democratic National Committee women is Mrs. Robert Hawley, who has arrived in New York from Wyoming, from which state her father is senator. She is taking part in convention preliminaries.

FOR FRESH AIR CHILDREN

What New York Tribune Says About Work of Rotary Club of Oneonta.

Several days ago announcement was made in The Star of the plans of the Rotary club of this city for the entertainment of Fresh Air children from New York during a two-week period of the present summer. Concerning the past successful work of the Rotarians of our city, and of what they are now undertaking, the New York Herald-Tribune of yesterday, by which the metropolitan end of the project is carried on, has the following to say:

"Up in Oneonta, for two years past the Rotarians have found vacation homes for about a hundred boys and girls each year. The fund hadn't got around to asking them to repeat this summer when this letter came to hand.

"The Rotary club of Oneonta has decided to undertake the work of placing Tribune Fresh Air children again this year, and the campaign has already been launched. We have signed to the field and have set our mark at 150 children. The date has been set at July 7 to 21."

"There will be products and by-products from the efforts of these sixty-two men working in pairs to persuade their friends and neighbors in Oneonta to open their homes and their hearts to the Fresh Air of the teenagers. The fund knows that, for it has talked to the Oneonta men who have had vacations in Oneonta in former years."

One sure way to get perfect flavors for your desserts is to buy the finest fruits. But an easier, more economical way, which is just as sure, is to use Baker's Certified Flavoring extracts.

MRS. RILEY CRIPPEN DEAD

Reported and Beloved Resident of Oneonta Succumbs to Operation Yesterday Following Illness of Three Years.

Mrs. Emma Rude Crippen, beloved wife of Riley Crippen, 31 1/2 Chestnut street, died yesterday afternoon at 2 o'clock following an operation which she underwent yesterday morning at the Fox Memorial hospital for the relief of adhesion. Mrs. Crippen had been in failing health for almost three years, and had been unable to take any except liquid nourishment for the past three weeks. Her death will come as a sad shock to a wide circle of friends in Oneonta and a wealth of sympathy will be extended to her family in its loss.

Funeral services will be held Thursday at 2 o'clock from her late home at 328 Chestnut street, with Rev. J. C. Johnson and Rev. W. C. Dodge officiating. Burial will be in the Plains cemetery.

Emma Rude was born at Butler, Ind., May 11, 1867, the daughter of Lewis and Mary (Feldman) Rude. In 1874 with her parents she moved to Wisconsin, later coming to Oneonta in about 1882. She was united in marriage with Mr. Crippen, a locomotive engineer of this city, September 25, 1893, and their married life had been spent entirely in Oneonta.

Surviving Mrs. Crippen, besides her husband, are one son, Riley Crippen, Jr., of New York city, a sister, Mrs. Louis (Lambert) of Ticonderoga, and a brother, Bert W. Rude, of Spencer.

Mrs. Crippen was a faithful member of the First Methodist Episcopal church for many years, and at the time of her death of the Elm Park Methodist church. She was also a member of the Ladies' Aid and the Woman's Home Missionary societies, being a loyal and consistent worker. She was also a member of the Eastern Star.

Mrs. Crippen was a woman of exceptional characteristics and widely beloved. She was ever cheerful, devoted to her home and its responsibilities, and her death will sadden a host of friends.

BUTLER-RUSH WEDDINGS

John Brainerd Butler of Oneonta and Miss Anna Rush of Cooperstown United Yesterday.

John Brainerd Butler of Whitehall but for the past few years employed in Oneonta under City Engineer Frank M. Gurney, and Miss Anna Rush of Cooperstown, who had served as a telephone operator in this city, were united in marriage yesterday morning at 10 o'clock at the church of Our Lady of the Lake at Cooperstown, a nuptial mass being celebrated by Rev. E. Dalton of East Windfield, a cousin of Mr. Butler. After a reception Mr. and Mrs. Butler left on a short wedding trip, following which they will make their home for this summer at Stamford, Mr. Butler supervising contract work secured by Mr. Gurney.

Both Mr. and Mrs. Butler have a host of friends throughout this vicinity who will join in congratulations and wishes for every married happiness.

The bride wore a gown of grey crepe satin, with hat to match and carried an arm bouquet of lilies of the valley and pink roses. She was attended by Miss Katherine McNellan of Cooperstown, whose gown was of powder blue crepe de chene, and hat of black lace. She carried a bouquet of pink and blue snap dragons. The best man was Francis Butler, a brother of the groom.

Following the ceremony a reception was held at the home of Mr. and Mrs. John McCarthy on Leatherstocking street. Guests from outside of Cooperstown were from Oneonta, Whitehall and Scranton.

The gifts to the bride were many and elaborate, including sums of money.

RETURNS HOME TODAY

Harry D. Wheeler, injured on Friday Evening, Doing Nicely.

Harry D. Wheeler who was injured near Itchenfeld Springs Friday evening last and since has been at the Bassett Memorial hospital in Cooperstown under the care of Dr. Arthur W. Cutler, expects to leave that institution today and come to his home here. Mr. Wheeler is delighted with every feature of the Bassett hospital, saying to friends last evening who called on him there that the accommodations are par excellence, the nurses careful and attentive and the food served unsurpassed. He, however, returns home that he may be near his surgeon and with his daughters who can minister to him, as he is well high helped with both arms useless.

He was quite comfortable yesterday and able to be about his room. No other injuries than the broken right arm and left collar bone have developed, but the X-ray pictures disclose that the broken bone of the arm is splintered and will require further surgical attention which will be given today.

Numerous friends have called upon him at the Bassett hospital and others have sent flowers and he has not been forgotten during his stay at the Cooperstown hospital.

FUNERALS

Louis F. Peet.

Funeral services for Louis F. Peet, unfortunate victim of the accident in the local D. & H. shops on Thursday evening, were held Saturday at noon from the Bookbinder funeral home, and the largely attended funeral was held from the Methodist Episcopal church at Hyde Park that afternoon at 2 o'clock with Rev. J. C. Johnson officiating. Burial was made in Hartwick Seminary cemetery.

The bearers were H. B. Wayman, Earl Baker, Kenneth Swartout and Sidney Jarvis. Included in the many floral offerings were pieces from his fellow workmen in the D. & H. shops and from Becker's bakery.

Miss Kellum Honored.

Miss Frances Kellum, who is completing a teaching career of 45 years, the last 25 of which have been in Oneonta, was given a farewell reception by the public school teachers of Oneonta last Thursday afternoon at 4 o'clock. The reception was held in the domestic science room and was a complete surprise to Miss Kellum, as were also the several gifts that were received, among them being twenty-five dollars in gold. Miss Kellum will leave in a few days for Los Angeles in California.

Personal

James Falls is spending two weeks with his son, Roscoe, at Whitehall. Mr. and Mrs. Peter Hilton of Worcester were in Oneonta Monday for the day.

Mrs. E. R. Preston of 119 Chestnut street spent Monday with friends in Albany.

Mrs. J. P. Spokes of 34 River street left yesterday on a few days' business trip to New York city.

Mrs. J. C. McDuffy of Hobart, who has been visiting Mrs. Rose Seeger, 25 River street, returned home yesterday.

Mr. and Mrs. F. E. Shapiro of 30 Church street left Monday for a few days' business and pleasure trip to New York city.

Miss May VanHoesen of Central Bridge returned home Monday after a visit with her aunt, Mrs. W. A. Moore, of 29 Fair street.

Miss Caroline and Miss Lulu Hurlbutt will leave this morning for Madison, Wis., where they will spend the summer with their aunt.

Miss Helen Thompson of Hobart was in Oneonta yesterday on her way to Esperance, where she was called by the death of a friend, Mrs. George McDonald.

Mrs. Jennie Smith Hackett left early this morning for the Nurses' convention in Detroit, which opened yesterday. She will return the first part of next week.

Mr. and Mrs. W. C. Merrill of Binghamton were in Oneonta yesterday on their way to Portlandville, where the mother of the latter, Mrs. S. K. Huggins, is critically ill.

Mr. and Mrs. Clarence Graham and the former's sister, Miss Alice Graham, motored to Sharon Springs on Sunday where they visited at the home of their uncle, William Graham.

Mrs. E. E. Carpenter of Cooperstown, who had been attending the reunion of her class in the State Teachers' college at Albany, was in Oneonta yesterday on her way home. Mr. C. Hemstreet and A. E. Howell of the Citizens National Bank and Trust company, who had been in New York city for a few days on business errands, are expected home this morning.

Mr. and Mrs. William Tripp of Middleburgh and Richard and Charles Tripp of Warnerville, motored to Oneonta Sunday and spent the day at the home of David Tripp, 274 River street.

John T. Harp, instructor in the St. Paul, Minn., Central High school, is spending a portion of his summer vacation at the home of his parents, Mr. and Mrs. C. R. Harp, 47 Academy street.

Mr. and Mrs. W. B. Close of Schenectady and Mr. and Mrs. L. F. Close and son, Alton, of Burnt Hills, motored to Oneonta and spent the week-end with Mrs. Ida B. Lane of Oneonta Plains.

Mr. and Mrs. Russell Diehl, who had been spending their honeymoon with the former's uncle and aunt, Mr. and Mrs. Charles Dietzel, of 16 Park avenue, returned yesterday to their home in Bethlehem, Pa.

Dr. and Mrs. A. H. Brownell returned to this city last evening from Clinton, where they attended the commencement exercises at Hamilton college, where son Stuart P. is being a this year's graduate.

Miss Florence Williams of Albany, who had been attending the Lowry-Stoddard wedding at Delhi, and over Sunday had been a guest at the home of her cousins, Mr. and Mrs. Myron C. Frisbee of this city, left for home Tuesday morning.

Dr. F. J. Monaghan, head of the health department of the city of New York, was in Oneonta over Sunday, and with his wife and niece, Miss Frances O'Rourke, of Mt. Vernon, was a guest of Mrs. Monaghan's mother, Mrs. M. O'Neill, of 2 Maple street.

Lynn S. Miller returned to Oneonta yesterday from Wesleyan university, Middletown, Conn., where he attended the tenth reunion of his class. Mr. Miller, who has been the guest of his parents, Mr. and Mrs. Merritt J. Miller and renewing acquaintance with old friends in this city, leaves this morning, accompanied by his father, for his home in Royal Oak, Mich.

C. D. Townsend motored to Albany last Thursday to meet his daughter, Miss Thelma Townsend, who had been teaching at the Kent Place school at Summit, N. J., and who is to spend the summer with her parents at 65 Elm street. Miss Townsend was accompanied home by her friend, Miss Beulah James Carpenter, who is spending a few days in Oneonta and Unadilla.

Joseph G. Moore, chief rules examiner for the Delaware and Hudson railroad, who was injured in an automobile accident some weeks ago and who was confined to the Fox Memorial hospital for some time, returned yesterday to his home in Albany, accompanied by Mrs. Moore, who had been with him here. His many friends will be glad to know that none of his injuries is of a permanent character.

Many friends in Oneonta of C. D. Hammond, formerly superintendent of the Delaware and Hudson company lines, had the pleasure of greeting him, even though briefly, on Monday. Mr. Hammond, who has for a long time been a resident of St. Petersburg, Fla., is spending the early summer in Albany, and incidentally visiting friends of the long line elsewhere along the D. & H. lines. Mr. Hammond returned to Albany yesterday afternoon, hoping later in the season to come again to this city and to meet other of his old-time friends and associates whom his brief sojourn did not enable him to see.

Card of Thanks.

We wish to express our earnest thanks and appreciation to the men at the D. & H. round house for their kindly services; also to all those others who sent flowers or furnished cars or in any way aided during my recent bereavement.

Mrs. L. F. Peet.

Mr. and Mrs. J. M. Fawcett and family.

Mr. F. C. Peet and family.

OBITUARY

Ralph Minister.

Ralph Minister, who died at the Fox Memorial hospital Sunday evening following an attack of acute appendicitis, had for about a year been employed at the Pioneer lunch in this city and was a popular and respected young resident of the city. He had been ill for only a short time and his death was a particular shock to his many friends, all of whom will join in expressions of sympathy to the family of the deceased.

Funeral services will be held from the Methodist church of Schenectady on Wednesday afternoon at 2:30 o'clock with Rev. L. A. Duren of that church officiating. Burial will be made in Schenectady cemetery. In honor of his funeral the Pioneer lunch will be closed Wednesday afternoon from 1:30 until 5 o'clock.

Ralph Minister was born in Delhi August 22, 1905, the son of Mr. and Mrs. Fred Minister, now residing at Chateaufort. He moved to the latter village about four years ago and attended the Schenectady high school, coming to Oneonta about a year ago.

Surviving him, besides the parents named, are four brothers, Carl, Walter, Donald and Frederick; and two sisters, Florence and Leta, all living at home; and by four other sisters, Miss Gertrude Minister and Miss Fredericka Minister of Binghamton, and Mrs. Benjamin Wayman of Schenectady and Mrs. Arthur Devendorf of Fly Creek.

In Oneonta Mr. Minister lived with Mr. and Mrs. Albert Agnew, 48 River street, by whom he was much beloved and from whom he received every assistance in his illness.

DEATHS

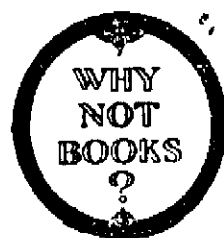

Mrs. Mary Baylis Schmidt.

Mrs. Mary Baylis Schmidt, wife of John W. Schmidt of Jefferson, died at the Fox Memorial hospital Sunday evening following an illness of several years, for the past three weeks having taken treatment at that institution. The body was taken to the Hookout undertaking rooms and later sent to Jefferson where funeral services will be held Wednesday.

Mrs. Schmidt was born at Melville June 4, 1884, the daughter of Edward and Mary Lowery Baylis. For many years the family had lived at Jefferson and the sympathy of a host of friends will be extended to the family in its bereavement.

Births.

Born to Mr. and Mrs. F. L. Steifel, 17 Fifth street, on June 14, an 8 1/2 pound boy, Robert Charles.

STORIES WITH SMILES IN 'EM

I've a chance to do a little secretarial work," said Mrs. Gertrude Travers the other day. "But I'm afraid it would interfere with the housework. I shouldn't want to be forever burning the beans, you know."

"Oh, go ahead and try the work," her husband assured her. "The beans will be burned anyway."—Kansas City Star.

Visitor: "Your husband must be a man of rare gifts."

Wife (absently): "Very rare; we've been married five years now and he hasn't made me a present yet."—London Times.

"Willie, dear, will you rock the baby?" "I would, mother, if I had a rock."—London Times.

Storekeeper: "What kind of candy do you want, little boy?" "Boy—something for a cent, so I can give my little sister one."—Boston Transcript.

"Ah, you have a dog. I thought you didn't like dogs." "Well, I don't. But my wife picked up a lot of dog soap at a bargain sale."—London Times.

Young Landlord (in Alberta): "My word, there goes the prince off to a horse again. And he was traveling incognito, too. Punter—'Yep, but you can't fool a horse.'"—Sun Dial.

UNDERPASS AT AFTON.

Public Service Commission Orders Betterment on Binghamton Road. Albany, June 16. — Elimination of the grade crossing where the Delaware & Hudson tracks meet the Albany-Binghamton state highway in the town of Afton, Chenango county, about midway between Afton village and Nineveh, and substitution therefore of an underpass, was ordered today by the Public Service commission. The state highway department had suggested carrying the much traveled route over the tracks and this was opposed by the railroad as interfering with the planned development. It consequently was decided to use an underpass located 1,000 feet north of the present grade crossing and to raise the stretch of highway required to a width of 24 feet.

Backstreet, best quality, recommended for feeding, \$2.00 per hundred. My orders to Pine Street farm, Albany, or A. M. Butts, proprietor. Advt. 10.

For Sale — A new, modern nine room house, hardwood finish, gas heat, garage. Centrally located. A. J. Wellman. Advt. 10.

FROM PERSONAL EXPERIENCE

Mrs. Bradford Recommends Lydia E. Pinkham's Vegetable Compound

Flushing, Virginia. "Having this opportunity I just cannot refrain from saying a word of praise for the Lydia E. Pinkham medicine. I have used them as occasion required for twenty years, and my friends and neighbors also used them, and always with the most gratifying results. During the change of life I had the most distressing symptoms—hot flashes, nervousness, and I am happy to say that the Lydia E. Pinkham medicine has cured me of all these troubles. I heartily recommend it to any woman and I will be pleased to supply any medicine that might be sent to me through the publication of my testimony."—Mrs. E. L. Branson, 100 Anderson Street, Flushing, Virginia.

Ordering carefully Mrs. Bradford's letter, you can expect to help you. The wonderful relief and the wonderful results she obtained from Lydia E. Pinkham's Vegetable Compound.

If you are suffering from nervousness, headache, or if you are suffering from any of the above symptoms, you should give the Lydia E. Pinkham medicine a fair trial. For sale by all druggists everywhere.

TRAFFIC REPORT

(Continued from Page Five)

City and side streets serve them to some extent. In the committee's opinion, further relief could be afforded at slight expense by the improvement of Water street in its entire length from Broad to Chestnut street. The improvement of the latter street from Main to Market gives Water street an available entrance that it has lacked heretofore. It is a fact that may well be capitalized at once. Proper grading and stone and oil curbing will provide excellently located parking space for upward of fifty cars in a place that is now used as a veritable eyecore.

South Main Street Frame.

The intersection of South Main and Main streets is the scene of more preventable accidents than any other intersection. This is due to the irregular corners, the narrowness of the street, and the volume of turning automobiles. The intersection of South Main and Prospect streets is particularly dangerous. The curves and corners of the whole street are increased from the driver's view. A heavy grade ending in a blind curve further complicates the situation. The street is little used by the general public and is devoted largely to heavy hauling and service vehicles with the loaded traffic almost wholly northbound. The restriction of traffic to northbound vehicles only (from Prospect toward Main) would materially reduce the traffic through the intersection named, would wholly eliminate the dangerous features at Prospect street, and would permit greater use of the street for parking purposes. A rather general belief that South Main street is a short cut from upper Main street to the D. & H. passenger station is erroneous. The Broad street approach is approximately the same distance and involves but one corner as against four and is far safer. It is believed that this change, making the street one-way, northbound, will save future serious accidents at the south end and congestion at the north end and can work injury to none.

"Experience has shown that the mushroom light intersection at Ford avenue, South Main and Main streets is likely a source of congestion at that point, rather than a help to traffic movement. In fact, its location in the center of Main street invites turning around at a place most unsafe and unsuited for such purpose. It is recommended that the light be removed to the north line of Main street at the center of Ford avenue.

"Left Turn" Problem.

"The turning of vehicles to the left, across the current of travel, is common cause of minor accidents and congestion. Many cities have passed drastic rules prohibiting left turns. The irregular plan of Oneonta streets, however, seems to practically prohibit any similar regulation without serious disruption of established business and customs. Left turns, constituting a half circle for the purpose of reversing direction, on Main street may well be prohibited at Ford avenue, Broad, Dietz and Grove streets. Such turns are comparatively safely executed at Market, Chestnut and Elm streets. Backing into any of the specified intersections for the purpose of backing or turning around should also be prohibited. A recent police department count shows traffic on Main street at the rate of 550 vehicles an hour—one each six seconds. With such a frequency of traffic on narrow streets where parking is permitted, every possible cause of obstruction or delay should be eliminated.

Prospect Street Situation.

"This street from Broad street to Gas avenue is heavily traveled, is one of the two approaches to the D. & H. station and Neahwa park, and the only approach to the D. & H. freight house. Many vehicles stand in the roadway because of the location of the railroad depots, two garages and the bus line terminal. The street is dangerously narrow at the Gas avenue corner, which is located at the foot of a heavy grade on the east and with Silver creek on the west. Prospect street east from this point is, moreover, one of the two available laterals for the east and west bound traffic which needs to turn Main street crossings. The committee feels that the intersection should be widened and made safer, and recommends that the co-operation of the railway company be enlisted in efforts to lessen its dangerous features.

General Considerations.

The foregoing recommendations are specific in their nature and are based upon analysis of actual conditions prevailing in May and June, 1924, so far as the committee has been able to ascertain them. The experience of motorists in the city has been that parking places have been much more readily found than before the recent conference held at the Afton road crossing. A general recommendation of the committee is that the city should endeavor to secure the best possible parking places for the use of motorists. The committee also recommends that the city should endeavor to secure the best possible parking places for the use of motorists. The committee also recommends that the city should endeavor to secure the best possible parking places for the use of motorists.

Colchester Electric Plant. Albany, June 16. Transfer or extension of a number of public works supplying electricity for light, heat and power were approved today by the Public Service commission.

The Cooke Falls Electric company, Inc., was given permission to construct an electric plant in the town of Colchester in Warren county, to supply electric service to Westerlo, Vails and the hamlets of Cooke Falls and Heron.

For Public Information. Walter Peck of Morris was arrested for public intoxication near Laurens village on Saturday morning. He was taken before Justice J. E. Gray, where he gave \$500 to the charge and was freed on \$500 bond.

The day was good and the weather continued on promise of good behavior. The arrest was made by G. Arthur Gray, deputy sheriff.

He Knows what the New Fruit Treatment Will Do

If you, who are reading this statement about the new Fruit Treatment, ever have Stomach Trouble, try "Fruit a Times". Get a 25c box of these intensified juices of apples, oranges, figs and prunes—combined with tonics—and see for yourself how quickly such troubles as flat, belching, indigestion, pain after eating, constipation, bilious attacks, nervous headaches and sleeplessness completely disappear.

Dr. Geo. P. Swaine of Ashland, N.H. writes: "For some time, I was troubled with Terrible Pains in my stomach so bad I was forced to go to bed. I was recommended to try the Fruit-a-Times. 'Fruit a Times' After using the second box, I got relief and now I am troubled no more."

25c and 50c—at all dealers or sent by Fruit a Times Limited, Ogdenburg, N.Y.

habit become permanent. Your committee is convinced that acquaintance with the actual facts is all that is required so far as this feature of the parking problem is concerned. Annoying and elaborate restrictions and the imposition of penalties in court are believed unnecessary with an awakened and generous public, and we have confidence that Oneonta will solve its own problem, heretofore so troublesome, through the courtesy, generosity and straight-thinking of its own citizens. Let Oneonta be known as one city that has a genuine regard for the stranger within its gates.

"In this connection it is significant that in the month following the first conference it has been necessary for the police to bring but three traffic cases into court as against an average of about twenty for the corresponding dates heretofore and that the average of accidents in proportion to traffic has been materially reduced.

"Your committee submits this report with a feeling that it substantially reflects present conditions and with the hope that it may assist the city officers in treating some of the specific points of difficulty. Elimination or improvement of danger spots, firm treatment of cases of reckless operation of cars (which latter the committee feels it can safely guarantee) together with the execution of recommendations here in made, deemed to relieve congestion, would seem sufficient for the present. Future periodic surveys are suggested as conditions may change and should be met intelligently as they develop."

WELCOMED TO FERGUSONVILLE

Residents Extend Housewarming to Mr. and Mrs. Harry Coulter.

Fergusonville, June 16. — Notwithstanding the fact that the postal authorities have taken away their post-office, the little town of Fergusonville came into its own last Saturday, the occasion being a housewarming to Mr. and Mrs. Harry Coulter of New York city.

The Coulters recently purchased the Mattie Hotchies estate and the construction have revamped this old home into a modern villa. The reception to Mr. and Mrs. Coulter was attended by the leading townspeople and was a surprise to the young couple. An interesting program had been prepared which consisted of the following: Address of welcome by Professor Charles Paris, address, "What Fergusonville Means to its New Residents," by William Davis; solo, "Mother Goes Where Papa Goes," by Mrs. Floyd Scott; illustrated talk, "How to Avoid Dentist's Bills," Mrs. Leonard Powell of Philadelphia; male quartet, "Keeping Cool in Washington," by Messrs. Pierce, Scott, McNelly and Dayton; response, "Fergusonville," by Harry Coulter.

After the social part of the program a report was read and dancing was indulged in until midnight.

Mr. Coulter is a member of the board of elections in the city of New York and intends to make this pretty little town his permanent residence in a few years. Mrs. Coulter and daughter, Frankie, have been residents here for some months.

Back Sturdy Performer. Ralph Johnston, formerly of Milan, Michigan, has arrived at his new home in Grayson county, Texas, driving a 1921 Buick touring car.

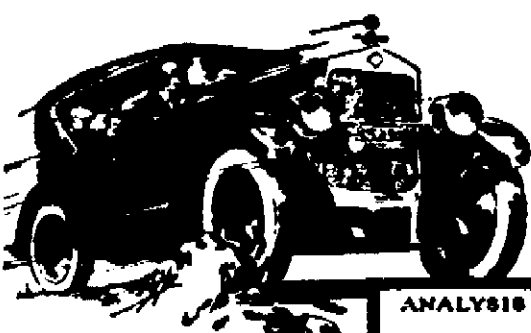

Mr. Johnston has driven his Buick 1921 Buick and it is still in such splendid condition that the trip took only seven days with no difficulty experienced. The car still has its original top and other equipment. It bears a Buick license number 1416, while the car has not been produced at the Flint factory are number 1416 and the Buick and a quarter mark.

Sturdy Days for Intoxicated Drivers. Len Welch of this city, who has been arrested Sunday afternoon for driving a 1921 Buick touring car, was sentenced to spend six days in the county jail.

Welch, it will be remembered, was arrested after having driven all night on the city streets for some time in an intoxicated condition and Judge Van West felt that the sentence was warranted in his case.

For Sale—One of the best located restaurants in the city. For full particulars call the office of the Square Deal agency, 112 Main street. Advt. 11.

Important book on motor power. Send coupon.

ANALYSIS OF YOUR GASOLINE IN PERCENTAGES

Get more power—yet save 30% on gas!

Engineers prove this possible for any car. Two years of tests

Your motor is rated for certain power.

Now you can have it. Power—speed—flexibility. New pleasure for driving.

And save 30% of what gas costs you a year!

Note curve on chart

In the chart above we give you two important bits of information. Note the column of type at left-hand side of the chart. That tells the requirements gas must meet to give real power, real flexibility. Because all gas is made up of combustible units. The first 10% of them should give quick starting. The second 10%—flying pick-up. The rest, solid pulling-power, speed, mileage.

Now note how the curve of PUROL performance coincides at every point with the ideal requirements! It gives the combustible units needed. That's because it is refined to specifications built on actual motor needs.

30% savings proved

Gas that gives full power also reduces upkeep in general. And the other way around. For two years our engineers have tested PUROL—in 38 different cars. Records of these tests prove:

That PUROL gives 3.3% greater mileage. That PUROL burns cleanly—saving 14.2% of the fuel that usually drips down into the crankcase. That is the way PUROL saves \$2.98 a year on lubricating oil. And through the greater efficiency of undiluted lubricating oil, saves \$10.33 a year in general repairs.

The average car used 500 gallons of gasoline a year. Thus the first two PUROL savings—\$71½ gallons at 20¢—are \$17.50. The four together show a yearly saving of \$30.81. 30% of the average gasoline expense!

Now you make a test

In a year PUROL will show you a saving of 30%. But you can test its greater power-performance in an hour's driving. Make such a test next time you need gas. You'll fairly feel the new response from your motor.

Get PUROL at any Pure Oil service station, or at any Pure Oil dealer. You'll know them by the pumps painted "Pure Oil blue."

And PUROL quality never varies. Whenever or wherever you get it, you'll get this same efficient performance.

PUROL GASOLINE

Always Absolutely Uniform

ROTARIANS AT TORONTO

Ten Thousand Members of International Organization Attending Convention.

Toronto, Ont., June 15. — To promote understanding, good-will and international peace through a world fellowship of business and professional men 10,000 Rotarians are gathered here from all sections of the civilized world for the 15th annual convention of Rotary International to be called to order at Exposition park tomorrow morning. This is the first convention of Rotary International that has ever been held in Canada and the second ever held outside the United States—the Rotarians having met in Edinburgh, Scotland, in 1921.

The convention will continue its session four days and will end with election of officers on Friday. Former Governor Frank O. Lowden of Illinois will be one of the chief speakers. Reports will be made on the progress of the work of developing codes of ethical practices in businesses and professions through the influence of Rotarians members of national, international state and provincial trade and professional associations. Work among boys and crippled children and problems of Rotary club administration will be discussed.

A president and eight directors will be elected, a new administration coming in to Rotary every year. The leading candidates for president are Everett W. Hill of Oklahoma City, at present first vice president; Harry Bert Cadwick of Minneapolis; and Frank H. Lamb of Hingham, Washington, Chicago, Cleveland and Ilo de Janeiro, Brazil, are the leading cities bidding for the next convention.

AWARD OF LETTERS

Twelve O. H. S. Students Receive Letters and Three Numerals for Baseball.

Twelve students of Oneonta High school have received their letters as a result of the recent baseball season, while three others have been awarded numerals for their participation. These are the first baseball letters to have been awarded in July a decade and the award follows an exceptionally successful series of games. Letters were awarded to C. Preston, manager; K. Orr, captain; and H. Keen, R. Leamy, P. Mollinari, C. Fowleson, L. Shaw, K. Hamilton, J. Daley, P. Kane, J. Brady, and F. Delaney. Numerals were awarded to C. Simpkins, 28; L. Ruten, 27; and S. Timko, 27.

ALL KIWANIS NIGHT

Oneonta Organization, in Company with Clubs Throughout the United States and Canada, Had Interesting Program Last Evening.

United with 1,233 other clubs throughout the United States and Canada, embracing a membership of over 35,000 men, Oneonta Kiwanis club held an "All Kiwanis Night" observance at the Oneonta club last evening. The interesting program which had been prepared making the event one of much pleasure. The feature of the evening was the 200-hour observance from 2:45 to 10 o'clock. During that period every Kiwanis club in the country observed exactly the same program.

Club singing and solo songs by the Kiwanis quartet occupied the time from 2 o'clock until the beginning of the "All Kiwanis Night" program. That unique feature began with a fellow shipship moment of silence followed by the singing of America and God Save the King. The reading of a message from Edmund F. Arras, president of Rotary International, then followed and the period closed with the singing of a song especially written for the occasion, "Forward in Kiwanis." The reading of a message from Judge Frank C. Huntington, now in Denver, Col., as a delegate from the Oneonta organization to the international convention of Kiwanis, and the serving of light refreshments closed the meeting.

President Arras' Message.

The address of President Arras, which was read by Dr. Arthur H. Brownell, secretary of Oneonta Kiwanis, follows in full:

"Take a great orchestra, more than twelve hundred clubs will join on this 'All Kiwanis Night' in playing the symphony of Kiwanis fellowship. To be in tune with the souls of 35,000 men of like sympathies and sentiments is to be borne upon the tide of mutual love and esteem which insures a deepening and broadening of Kiwanis loyalty.

"Above every noble soul hang visions of things higher up, a vision which implies co-operation upon the nobler heights of life. Through the ages, the spirit of co-operation has been expressed in varying terms, until the Teacher of Galilee in His incomparable purity of diction and love of humanity, gave the world that wonderful beacon—The Golden Rule—

—as a guide post for the ever man worthy of the name of man. Kiwanis has brought into modern thinking and interpretation, this rule of Golden purposes, that men might, through its co-operative application, gain the spirit of a higher and lasting fellowship. It is this spirit of Kiwanis fellowship which assures a continental meeting at this hour. Far more valuable than the unity of organization is the unity of spirit.

"In the visualization of solidarity, we learn that service for others begins with a wise service for ourselves, as indeed the influence of any organization is the measure of its personnel. The storehouse must be filled before the poor are fed. Knowledge must be gained before knowledge is given.

"Numbers alone are of but passing importance, challenging a unity and service, which are acquired by harmony of purpose in keeping with the means of attainment. It is not the visible strength of a portion of the army, but knowledge of the united charge of a mighty host which establishes the morale of the soldier. No organization is ever truly great if it attains only that which is expected of it. It must establish even greater objectives and go above the level of expectation.

"As the power of the piston is dependent upon the steam behind it, so our club, district and international organizations are driven forward by the enthusiasm and inspiration of a united conscience.

"The mechanical and commercial development of the age is but the visible expression of the thinking, which we call ideas. Each thing was first a thought. Tonight, through the imagination, our thoughts conceive the power of a continental movement, encompassed by the two words 'We Build.' It is this unity of purpose which has enabled Kiwanis to grow from a taper of light to the brilliancy of a sun, blazing with its own radiance.

"Imagination rules the world! In the fellowship moment of silence we visualized the 35,000 united Kiwanians. Let the Kiwanis world imagine the continent as its amphitheatre and Denver as the stage. Some members have no seats beside the stage, while the folks at home may be far in the rear, but with the radio of inspiration it is possible for all to visualize the setting of the great convention hall and hear the continental chorus of 35,000 voices singing, 'Onward in Kiwanis!'

"The mountain top vision of this 'All-Kiwanis Night' inspires an influence which will stir Kiwanis from its international convention to its most distant club—a challenge to the enthusiasm and progress of every club from Vancouver to Boston, and from Sydney to San Diego. As the radio pierces the clouds, so the spirit of unity eliminates distance. In broad-casting the unselfish gratitude of loving kindness, the devotion of service for others and the enthusiasm of service.

An avenue of communication are kindred the light of way to the international Kiwanis movement that we may have closer interclub relations than this occasion. The club, like the individual, grows with the development of its relations with others and is broadened in its service for others. On behalf of Kiwanis International, we extend greetings to our 123,300 clubs and 35,000 members, and all men in the sincere desire that the development of each session of our convention shall be in keeping with the traditions and aspirations of our great organization—Kiwanis.

NEAR EAST RELIEF DRIVE

F. M. Gurney Chairman of Committee to Organize Campaign to Raise \$2,000 in City.

Plans for the campaign which it is hoped will result in the raising in the city of \$2,000 for Near East relief work were formulated at a luncheon meeting of interested citizens held yesterday noon in St. James' parish house and preparations were made to start immediately the work of raising the sum, which will insure life for a year for 60 Armenian orphans.

Frank M. Gurney was elected chairman of the campaign committee; Owen C. Becker, vice chairman; Miss Ethel Beach, secretary, and Robert Hall, treasurer.

The meeting, which was attended by a number of interested citizens, and by representatives of various organizations in the city, was a very enthusiastic one and it was the opinion of all that, after the splendid appeals made last week by Lady Ann Asaphian, Oneonta will donate its share in lively fashion. It is hoped to end the campaign by Saturday night.

Miss Dorothy Meadows, a representative of the National Near East Relief committee, was in attendance at the meeting and spoke to those present concerning the urgency of the present appeal. The funds available for the work are nearly exhausted and unless America comes to the front within the next two weeks fully 10,000 Armenian children must be turned out of the orphanages because of lack of money with which to feed them. Their subsequent fate can be imagined. Already it has been necessary for the workers in Armenia to turn over their meager salaries to the cause.

Chairman Gurney stated that he was sure that Oneonta would respond as generously to the Near East appeal now as it had in the past and expressed the conviction that by Saturday night the quota would have been more than raised. He said that America had started the Near East Relief work and that America always finishes what it starts.

Robert Hall, treasurer of the local committee, stated that he had \$120 in contributions already on hand, that several other contributions, among them one for \$100, had been pledged, and that several individuals and organizations had promised to support for a year or more children. The Business Woman's club has promised to support two children and the Catholic Daughters of America will take one and possibly two. The Missionary society of the First Presbyterian church and St. James' church will each undertake the support of one child for a year.

The general committee, which will meet at the Community house at 5 o'clock this afternoon to perfect plans for the drive, is composed as follows, exclusive of the officers above given: Rev. Dr. Edson J. Farley, Rev. Dr. James C. Russell, Rev. Dr. Charles S. Pendleton, Rev. Father William D. Noonan, Rev. Philip M. Luther, Rev. Norman S. Burd, Rev. L. Curtis Denney, Rev. Wilber C. Dodge, Rev. S. S. Tompkins, Rev. Dr. John V. Flynn, Rev. J. A. Judge, C. Frank Stevens, Dr. George J. Dann, Dr. E. I. Bugher, Mayor W. Irving Bolton, Henry

INTERESTING EXHIBITS

Of High School Students' Work in Capron's Window—Capron Company Offers Prize.

Two interesting exhibits in the window of the Capron company store attracted much attention yesterday and will doubtless be viewed with just as much interest today. One is an exhibit of the winning posters in the recent contest for High school students sponsored by the Oneonta County Society for the Prevention of Cruelty to Animals and the other an assortment of dresses and other specimens of the handwork of pupils of the High school sewing classes.

The exhibition of sewing contains many striking examples of what may be accomplished. The articles are numerous and of many natures and all are of a high order of workmanship, reflecting great credit not only upon the youthful seamstresses but also upon their capable instructor, Miss Anne Kraft.

As a demonstration of the interest of the members of the firm in the domestic science department of the High school, the Capron company has offered an annual prize of \$5 to be awarded to that student in the sewing classes who does the best work during the year. The prize will be awarded for the first time at the coming commencement exercises.

RECEPTION TO GRADUATES

Dr. and Mrs. J. W. Flynn Hosts to High School and Normal Classes.

Last evening at the parsonage of the First Methodist Episcopal church Dr. and Mrs. J. W. Flynn of that church held a reception for the graduating classes of the Oneonta High school and of the Oneonta State Normal school. About 30 members of those classes were entertained, music being furnished by Mrs. Eddy and Virgie Young, and refreshments being served.

Dr. and Mrs. Flynn were assisted during the evening by Dr. and Mrs. George J. Dann, Mr. and Mrs. Edward Crippen, and Mr. and Mrs. I. S. Dauley and Mrs. J. S. Skinner. Mrs. Lulu Walker, Mrs. Jerry B. Wilson, Miss Annie Waters, Mrs. C. N. Murdock and Miss Nettie Murdock.
